Big Feelings

Come sing with us!

I got big feelin's, I can't keep inside
I got big feelin's, takin' me for a ride
When it's hard to use my words,
I try to stop and breathe
[big breath in...big breath out]
I got big feelings, big feelin's can't get me!

Anger makes my head feel hot
My ears are blowin' steam
Sadness makes my teardrops flood
Flowin' like a stream

I got big feelin's, I can't keep inside
I got big feelin's, takin' me for a ride
When it's hard to use my words,
I try to stop and breathe
[big breath in...big breath out]
I got big feelings, big feelin's can't get me!

Jealousy makes my face scrunch up
And do fists with both my hands
Frustration makes me stomp my feet
And yell as loud as I can ARGHH!!!!

I got big feelin's, I can't keep inside
I got big feelin's, takin' me for a ride
When it's hard to use my words,
I try to stop and breathe
[big breath in...big breath out]

"Ommmmmmmm"

I got big feelin's, big feelings can't get me!
I got big feelin's, big feelings can't get me!
