Lyrics

It's Halloween

Come sing with us!

It's Halloween!

Carve a jack-o-lantern and fill it up with light
Something eerie's happening on this auspicious night
Knock on all the neighbours' doors as creepy as you can
Trick or treat, see if you can guess who I am

It's Halloween!
Monsters in the street
It's Halloween!
Everybody scream
It's Halloween!
Trick you for a treat
It's Halloween…it's Halloween!

Meet up with our friends to show each other what we've got
Chocolate bars, potato chips and little candy dots
Pick a little treat to eat before I go to bed
Dreaming scenes of Halloween dancing in my head

It's Halloween!

Monsters in the street
It's Halloween!
Everybody scream
It's Halloween!
Trick you for a treat
It's Halloween…it's Halloween!

It's Halloween!

Monsters in the street
It's Halloween!
Everybody scream
It's Halloween!
Trick you for a treat
It's Halloween…it's Halloween!
It's Halloween…it's Halloween!
