

Lyrics

Happier

Come sing with us!

I've got a song in my heart, I'm happier
I've got a song in my heart, I'm happier

If you're gonna take it easy just take it
If you're feeling creative you can make it
Every moment in time is just borrowed
Do it right now don't wait for tomorrow

I've got a song in my heart, I'm happier
I've got a song in my heart, I'm happier
Nothing can stop me I feel spectacular
Got a song in my heart, I'm happier

If you need to say something just say it
If you want to win the game you've got to play it
Don't let anybody pull you under
You're a bolt of lightning let them hear your thunder

I've got a song in my heart, I'm happier
I've got a song in my heart, I'm happier
Nothing can stop me I feel spectacular
Got a song in my heart, I'm happier

I've got a song in my heart, I'm happier
I've got a song in my heart, I'm happier
Nothing can stop me I feel spectacular
Got a song in my heart, I'm happier
