### I Love The Smell of Summertime

Come sing with us!

Rain falling on the city street  
Campfire in a cool breeze  
Pine needles in the sunshine  
I love the smell of summer time  
I love the smell of summer time

I like to run down by the bay  
And see the birds fly away  
Take a swim and dunk my head  
Lie in the sun and do it all over again

Rain falling on the city street  
Campfire in a cool breeze  
Pine needles in the sunshine  
I love the smell of summer time  
I love the smell of summer time

I got friends, I'm feeling good  
Play all day in the neighbourhood  
Ride bikes, top speed  
We can go anywhere that we make believe

Rain falling on the city street  
Campfire in a cool breeze  
Pine needles in the sunshine  
I love the smell of summer time  
I love the smell of summer time

And in the night I lie in bed  
I hear the sounds in my head  
Crickets chirp, dogs bark  
I fall asleep under great big beautiful stars

Rain falling on the city street  
Campfire in a cool breeze  
Pine needles in the sunshine  
I love the smell of summer time  
I love the smell of summer time
