

(Before you go) Before you go (Before you go) Oh, before you go I wanna thank you, I feel better and I hope you enjoyed our time together

O000-0000 0000-0000

Let's ride on a ray of sunshine It's bright in the land of good times Friendship is a give and take and I think it's time to celebrate

(Before you go) Before you go (Before you go) Oh, before you go I wanna thank you, I feel better and I hope you enjoyed our time together

Before you go Oooo-oooo oooo-oooo Before you go Oooo-oooo oooo-oooo I make it up as we go along It's true, life is like a song In my heart I can feel the beat And my story is the melody

(Before you go) Before you go (Before you go) Oh, before you go I wanna thank you, I feel better and I hope you enjoyed our time together

(Before you go) Before you go (Before you go) Oh, before you go I wanna thank you, I feel better and I hope you enjoyed our time together
