### Clean Up Song

Come sing with us!

Clean up, clean up, do your part  
Tidy this space with all your heart  
Clean up, clean up, put it away  
Ready to play another day  
Hey hey, hey hey  
Ready to play another day

A place for everything, high and low  
Everything has a place to go  
Pack the boxes, fill the shelves  
Thank you, friends, for helping out

Clean up, clean up, do your part  
Tidy this space with all your heart  
Clean up, clean up, put it away  
Ready to play another day  
Hey hey, hey hey  
Ready to play another day

If the job is big or small  
You and I can do it all  
Sing a song, holler and shout  
Thank you, friends, for helping out

Clean up, clean up, do your part  
Tidy this space with all your heart  
Clean up, clean up, put it away  
Ready to play another day

Hey hey, hey hey  
Hey hey, hey hey

Clean up, clean up, do your part  
Tidy this space with all your heart  
Clean up, clean up, put it away  
Ready to play another day

You gotta clean up, clean up, do your part  
Tidy this space with all your heart  
Clean up, clean up, put it away  
Ready to play another day

Hey hey, hey hey  
Ready to play another day

Hey hey, hey hey  
Ready to play another day
