### My Dog Has Fleas

Come sing with us!

My dog has fleas  
My dog has fleas  
Scratching from his head to his knees  
My dog has fleas

Start with the string closest to your nose  
The note is G, it's string number 4!  
Tune it to the sound of the word "my"  
Dog has fleas, nobody knows why

My dog has fleas  
My dog has fleas  
Scratching from his head to his knees  
My dog has fleas

Next down the line is a note called C  
We're givin' it a number, it's  
string number 3!  
Tune it to the sound of the word "dog"  
What's up? Not much...  
whassup with you, dog?

My dog has fleas  
My dog has fleas  
Scratching from his head to his knees  
My dog has fleas

The note that comes next is E... dude  
Yes, it has a number, it's  
string number 2!  
Tune it to the sound of the word "has"  
Sing another chorus with  
all of that jazz!

My dog has fleas  
My dog has fleas  
Scratching from his head to his knees  
My dog has fleas

Note A is closest to the floor - super fun  
Getting down to basics, string number 1!  
Tune it to the sound of the word "fleas"  
Now everybody scratch  
from your head to your knees

My dog has fleas  
My dog has fleas  
Scratching from his head to his knees  
My dog has fleas  
My dog has fleas  
My dog has fleas
