Funky Freeze Dance

Come sing with us!

Get funky
Get funky

Just clap your hands now
1 2 3 4

Just clap your hands now
That's what hands are for

Just stomp your feet now
Stomp them on the floor
Just stomp your feet now
That's what feet are for

Now freeze...
Get funky
Get funky

Arms in the air now
Wave them back and forth
Arms in the air now
That's what arms are for

Now freeze...
Don't move a muscle
Keep cool
Get funky
Get funky

Just swing your hips now
Swing them back and forth
Just swing your hips now
That's what hips are for

Jump up and down now
All around the floor
Jump up and down now
That's what jumping's for

Now freeze...
Don't move a muscle
Keep cool
Hold on
Get funky

Now freeze...
That's tricky, ha ha ha

Get funky
Get funky
Get funky
Get funky
