Bizzy Bee

Come sing with us!

Buzz Buzz
Buzz Buzz

You've got a yellow jacket with
black stripes
You've got a little stinger but you
don't bite
You live in the kingdom of the
Queen Bee
One big honeycomb family

All day long
Working so hard, buzz your little song

Busy busy busy busy busy busy bee
Visit all the flowers that you can see
Busy busy busy busy busy busy bee
Making all the honey, putting apples
on the trees

Buzz Buzz
Buzz Buzz

1, 2, 3, 4, 5, 6, 7, 8
Get your feet wet and pollinate
From the watermelon to the grapevine
You make the summertime come alive

All day long
Working so hard, buzz your little song

Busy busy busy busy busy busy bee
Visit all the flowers that you can see
Busy busy busy busy busy busy bee
Making all the honey, putting apples
on the trees

Busy busy busy busy busy busy bee
Visit all the flowers that you can see
Busy busy busy busy busy busy bee
Making all the honey, putting apples
on the trees
Making all the honey, putting apples
on the trees

Buzz Buzz
