### Do the Vampire

Come sing with us!

Do the vampire if you sneeze  
Do the vampire with your sleeve  
Do the vampire when you cough  
Do the vampire and then shake it off

Little baby Dracula  
Caught a cold and that's a fact-u-la  
His sneezes were spectacular  
And this is what the doctor said:

Do the vampire if you sneeze  
Do the vampire with your sleeve  
Do the vampire when you cough  
Do the vampire and then shake it off

Little baby Dracula  
Eats his soup with a spatula  
His cough was just miraculous  
And this is what the doctor said:

Do the vampire if you sneeze  
Do the vampire with your sleeve  
Do the vampire when you cough  
Do the vampire and then shake it off

Little baby Dracula  
Laid down to take a nap-u-la  
Sleeping feels spectacular  
Remember what the doctor said:

Do the vampire if you sneeze  
Do the vampire with your sleeve  
Do the vampire when you cough  
Do the vampire and then shake it off

Do the vampire when you cough  
Do the vampire and then shake it off  
Do the vampire and then shake it off
