

Lyrics

I Saw The Tooth Fairy

Come sing with us!

I saw the tooth fairy
Dressed up as my dad
She was wearing slippers
And an old baseball cap
I opened up one little eye
She thought I was asleep
I know I saw the tooth fairy
She can't fool me

I know I saw the tooth fairy
She can't fool me

I saw the tooth fairy
Dressed up as my mom
She was wearing mom jeans
Made in 1991
I opened up one little eye
She thought I was asleep
I know I saw the tooth fairy
She can't fool me

I know I saw the tooth fairy
She can't fool me

I saw the tooth fairy dressed up as my nan
She was in a nightgown
With a gold ring on her hand
I opened up one little eye
She thought I was asleep
I know I saw the tooth fairy
