### Twist And Shout (Let It All Out)

Come sing with us!

Twist and shout, let it all out  
Twist and shout, let it all out  
If you're feelin' good  
that's what it's all about  
Twist and shout, let it all out

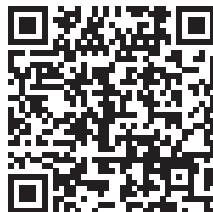

1 2 3 4 get out on the dance floor  
5 6 7 8 shake it like an earthquake  
9 and 10, gimme more cowbell  
Hit it again, let me hear you yell (whooh!)

Twist and shout, let it all out  
Twist and shout, let it all out  
If you're feelin' good  
that's what it's all about  
Twist and shout, let it all out

10 20 30 40 count by tens for me  
50 60 70 80 numbers appreciating  
90 + 10 makes 100  
Let's do it (all) again, I feel unencumbered!

Twist and shout, let it all out  
Twist and shout, let it all out  
If you're feelin' good  
that's what it's all about  
Twist and shout, let it all out

Twist and shout, let it all out  
Twist and shout, let it all out  
If you're feelin' good  
that's what it's all about  
Twist and shout, let it all out  
Twist and shout, let it all out
