

Lyrics

Get Up and Move Your Body

Come sing with us!

Get up and move your body
Come and join the party
Get up and move your body
Time to get it started

Step to the left
Step to the right
Hands on your hips
Knees in tight
Do a little wiggle
Down to the ground now
1 2 3 jump around!

1 2 3 jump around!

Get up and move your body
Come and join the party
Get up and move your body
Time to get it started

Step to the left
Step to the right
Hands on your hips
Knees in tight
Wiggle wiggle
Down to the ground
1 2 3 jump around!

1 2 3 jump around!

Get up and move your body
Come and join the party
Get up and move your body
Come and join the party
Get up and move your body
Come and join the party
Get up and move your body
Come and join the party
Get up, get up!
