Even When It Rains

Come sing with us!

Even when it rains it shines on me

Nothing like a rainy day to
Put on my bright red rain boots
Gonna hit the wet ground running
Find the biggest puddle to jump in

I know I'm waterproof, hands in the air,
now raise the roof
I know I'm waterproof, ready for anything

Even when it rains it shines on me
Even when it rains it shines
Gonna be alright, I'm outside and I feel free
Even when it rains it shines on me

When the sun has gone away
Everyone comes out to play
Get your jacket and pull up the hood
Splash around the neighborhood

I know I'm waterproof, hands in the air,
now raise the roof
I know I'm waterproof, ready for anything

Even when it rains it shines on me
Even when it rains it shines
Gonna be alright, I'm outside and I feel free
Even when it rains it shines on me

(ooo-ooo-whooo)
Even when it rains it shines on me
(ooo-ooo-whooo)
Even when it rains it shines
(doot doot doot...)
Gonna jump into every puddle that I see
(ah-ahhhh)
Even when it rains it shines on me

Even when it rains it shines on me
Even when it rains it shines
(even when it rains it shines)
Gonna be alright, I'm outside and I feel free
(I feel freeeeeeeeeeeee)
Even when it rains it shines on me
