Mummy Rap

Come sing with us!

Mummy Mummy Mummy
I'm not your mother!
Mummy Mummy Mummy
Yeah, there is no other
Mummy Mummy Mummy
Whatchu think of that?
I'm an ancient soul
This is the Mummy Rap!

Look a couple thousand years back because
There was a civilization in Africa
That lived way up north on the River Nile
They had pyramids and art and a funky style

Have you seen the Sphinx or the Valley of the Kings?
In Ancient Egypt they made incredible things
And when the people died they built special rooms
Wrapped them up in cloth and laid to rest in tombs

Mummy Mummy Mummy
I'm not your mother!
Mummy Mummy Mummy
Yeah, there is no other
Mummy Mummy Mummy
Whatchu think of that?
I'm an ancient soul
This is the Mummy Rap!

Hold up! So how do we know
That a mummy is a person who lived long ago?
Well, we know that mummies were kings and queens
And everyday folks that did all kinds of things

Because mummies have been tested by Scientists
Experts we call archeologists
Whose job it is to answer every question asked
About what people did in the ancient past

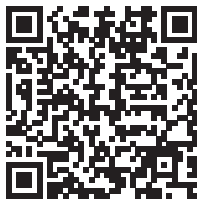

Mummy Mummy Mummy
I'm not your mother!
Mummy Mummy Mummy
Yeah, there is no other
Mummy Mummy Mummy
Whatchu think of that?
I'm an ancient soul
This is the Mummy Rap!

Break it down now!

When there's something that we don't fully understand
Sometimes we get a little bit scared of it
Then we make up stories to try to explain
The parts that don't make sense to our brains

And that's how mummies came back from the dead
In movies and TV and stories in our heads
Nowadays mummies are mostly seen
On October 31st: Hallowe'en!

Mummy Mummy Mummy
I'm not your mother!
Mummy Mummy Mummy
Yeah, there is no other
Mummy Mummy Mummy
Whatchu think of that?
I'm an ancient soul
This is the Mummy Rap!
Mummy Mummy Mummy
I'm not your mother!
Mummy Mummy Mummy
Yeah, there is no other
Mummy Mummy Mummy
Whatchu think of that?
I'm an ancient soul
This is the Mummy Rap!
I'm an ancient soul
This is the Mummy Rap!
