### Sunshine In My Cup

Come sing with us!

Pour a little sunshine in my cup  
Take a little spoon and stir it up  
I can depend on you my friend  
Pour a little sunshine in my cup

You and me, me and you  
Together there's a million things to do  
Make a tune, write a song  
Build our friendship strong

Pour a little sunshine in my cup  
Take a little spoon and stir it up  
I can depend on you my friend  
Pour a little sunshine in my cup  
Pour a little love.....  
Pour a little love.....

You and me, me and you  
Together we are stuck like glue  
Pick me up when I fall down  
Turn my day around

Pour a little sunshine in my cup  
Take a little spoon and stir it up  
I can depend on you my friend  
I can depend on you my friend

Pour a little sunshine in my cup  
Take a little spoon and stir it up  
I can depend on you my friend  
Pour a little sunshine in my cup  
I can depend on you my friend  
Pour a little sunshine in my cup  
Pour a little love.....  
Pour a little love.....  
Pour a little love.....  
Pour a little love.....  
oo-ooo
