### Beautiful Day

Come sing with us!

It's a beautiful day, it's a beautiful day  
And I feel so good that I just wanna sing  
It's a beautiful day, it's a beautiful day  
And the rhythm of my heart is gonna play

Sun shines a little bit brighter  
Blue sky a little bit lighter  
All the trees are dancing 'round like  
Way-oh-oh (Way-oh-oh)  
Life is a book we're writing  
Plot twist, super exciting!  
Just turn the page and let's go!

It's a beautiful day, it's a beautiful day  
And I feel so good that I just wanna sing  
It's a beautiful day, it's a beautiful day  
And the rhythm of my heart is gonna play

Trying to live in the moment  
These are the days and we know it  
Hands in the air, waving like Way-oh-oh  
(Way-oh-oh)  
Life is a road we're driving  
Each turn, something exciting  
Buckle up your seatbelt let's gooooo

It's a beautiful day, it's a beautiful day  
And I feel so good that I just wanna sing  
It's a beautiful day, it's a beautiful day  
And the rhythm of my heart is gonna play

It's a beautiful day, it's a beautiful day  
And I feel so good that I just wanna sing  
It's a beautiful day, it's a beautiful day  
And the rhythm of my heart is gonna play  
It's a beautiful day, it's a beautiful day  
And the rhythm of my heart is gonna play
