

## Lyrics

### Believe in Yourself

Come sing with us!

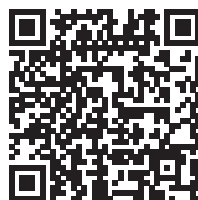

Believe in yourself  
Turn your dream into something real  
Believe in yourself  
Only you can feel what you feel  
Every day you grow  
One day you will show everyone else  
Believe in yourself

You've got to start somewhere my friend  
It's a long way to the end  
You will find your way, every step that you take

Believe in yourself  
Turn your dream into something real  
Believe in yourself  
Only you can feel what you feel  
Every day you grow  
One day you will show everyone else  
Believe in yourself

If you want to win the race  
Or if you've got something to say  
You just have to try, look deep inside

Believe in yourself  
Turn your dream into something real  
Believe in yourself  
Only you can feel what you feel  
Every day you grow  
One day you will show everyone else  
Believe in yourself  
Every little bit helps  
Just believe in yourself  
Believe in yourself
