

Lyrics

Colour Your World

Come sing with us!

Colour your world
Brighter than the sun
Shine on everyone
Colour your world
Paint what's in your heart
Turn love into art

Life is a rainbow (life's a rainbow)
So many colours you can choose
It's your imagination (imagination)
And the design is up to you

Colour your world
Brighter than the sun
Shine on everyone
Colour your world
Paint what's in your heart
Turn love into art

Every new creation (new creation)
Is something never seen before
It's your imagination (imagination)
Let your creative spirit soar

Colour your world
Brighter than the sun
Shine on everyone
Colour your world
Paint what's in your heart
Turn love into art

Colour your world (colour your world)
Brighter than the sun
Shine on everyone (everyone)
Colour your world (colour your world)
Paint what's in your heart
Turn love into art (into art)
Colour your world (colour your world)
Paint what's in your heart
Turn love into art
