

## Lyrics

### Five Little Alligators

Come sing with us!

Five little alligators swimming in the bog  
Hold their breath, jump off a log  
One little alligator sinks away  
Four alligators are left to play

Four little alligators swimming in the bog  
Hold their breath, jump off a log  
One little alligator sinks away  
Three alligators are left to play

Three little alligators swimming in the bog  
Hold their breath, jump off a log  
One little alligator sinks away  
Two alligators are left to play

Two little alligators swimming in the bog  
Hold their breath, jump off a log  
One little alligator sinks away  
One alligator is left to play

One little alligator swimming in the bog  
Holds his breath, jumps off a log  
That little alligator sinks away  
No alligators are left to play

No little alligators swimming in the bog  
Nobody jumping off a log  
No alligators found anywhere 'til  
Five alligators come up for air!
