

## Lyrics

### Four Seasons

Come sing with us!

Spring and Summer, Fall and Winter  
All four seasons  
I love each one just the same  
But for different reasons

Springtime showers  
I love the rain  
Bring all the flowers  
Back again

Spring and Summer, Fall and Winter  
All four seasons  
I love each one just the same  
But for different reasons

Summer swimming  
It's a dream  
Ride our bikes to  
Get ice cream

Spring and Summer, Fall and Winter  
All four seasons  
I love each one just the same  
But for different reasons

Fall tree colours  
Start to spread  
Paint the landscape  
Yellow, orange, red

Spring and Summer, Fall and Winter  
All four seasons  
I love each one just the same  
But for different reasons

Winter snow falls  
What a thrill  
Snow forts, ice skates  
Toboggan hills

Spring and Summer, Fall and Winter  
All four seasons  
I love each one just the same  
But for different reasons  
I love each one just the same  
But for different reasons
