

Lyrics

Good Times

Come sing with us!

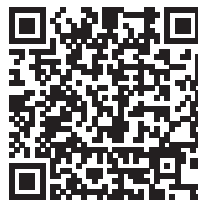

Good times
Let's get together for
Good times
Best friends forever we
Make each other smile,
I'm talking 'bout Good times,
good times

Easy as 1, 2, 3
You and I agree, that we're
Greater than the sum,
louder than a drum
Sweeter than the honey bees...
talking 'bout

Good times
Let's get together for
Good times
Best friends forever we
Make each other smile,
I'm talking 'bout Good times,
good times

You can rely on me
When you fall I'll always be
I'll be right there for you,
and you know it's true
Just like you are there for me...
talking 'bout

Good times
Let's get together for
Good times
Best friends forever we
Make each other smile,
I'm talking 'bout Good times,
good times
Yeah we make each other smile,
I'm talking 'bout Good times,
good times, talking 'bout Good times
