

Lyrics

I Wanna Be an Astronaut

Come sing with us!

I wanna be an astronaut
Let's have a race in outer space
Fly to the moon, ready or not
I wanna be an astronaut
I wanna be an astronaut

We can build a rocket (oo-wee-oo-ooo)
Out of anything
Use our imaginations (oo-wee-oo-ooo)
Cardboard and some string
PJs for a space suit (oo-wee-oo-ooo)
Helmet on my head
We could stay here all day
But let's blast off instead!

I wanna be an astronaut
Let's have a race in outer space
Fly to the moon, ready or not
I wanna be an astronaut
I wanna be an astronaut

Move on over, Mercury (oo-wee-oo-ooo)
Hello, Milky Way
Venus has no arms (oo-wee-oo-ooo)
Earth is here to stay
Mars, Jupiter, Saturn (oo-wee-oo-ooo)
Uranus and Neptune
Space goes on forever
But we'll be back home soon!

I wanna be an astronaut
Let's have a race in outer space
Fly to the moon, ready or not
I wanna be an astronaut
I wanna be an astronaut

(oo-wee-oo-ooo)

I wanna be an astronaut
Let's have a race in outer space
Fly to the moon, ready or not
I wanna be an astronaut (oo-wee-oo-ooo)

I wanna be an astronaut
Let's have a race in outer space
Fly to the moon, ready or not
I wanna be an astronaut
I wanna be an astronaut
