Sand Castle

Come sing with us!

Grab that shovel
Chuck it in a bucket
We're gonna build a sand castle
Take it to the water
Dip it and flip it
We're gonna build a sand castle

Sand castle, sand castle
I don't mind a hard day's work
Sand castle, sand castle
I'm the king of this pile of dirt!

Dig a moat
Fill it with sharks
We're gonna build a sand castle
Make a boat
Out of sticks and bark
Sail it around the sand castle

Sand castle, sand castle
I don't mind a hard day's work
Sand castle, sand castle
I'm the Queen of this pile of dirt!

Sand castle, sand castle
I don't mind a hard day's work
Sand castle, sand castle
I'm the King
I'm the Queen
I'm the boss of this pile of dirt!

Grab that shovel
Chuck it in a bucket
We're gonna build a sand castle
Take it to the water
Dip it and flip it
We're gonna build a sand castle
We're gonna build a sand castle
We're gonna build a sand...sand...sand...sand castle!
