

Lyrics

Square Dance

Come sing with us!

Square dancin', you and me
Bounce around like a jumpin' bean
Up and down and in between
Square dancin', you and me

Everybody take a bow, watch me and I'll show you how
Face your partner do it now, everybody take a bow
Everybody circle left, hold hands, circle left
Walk around, I request that everybody circle left

Square dancin', you and me
Bounce around like a jumpin' bean
Up and down and in between
Square dancin', you and me

Grab your partner, do-si-do, back to back, nice and slow
Walk around that's how it goes, grab your partner do-si-do
Everybody promenade, hold hands, start to sway
Walk until you're back in place, everybody promenade

Square dancin', you and me
Bounce around like a jumpin' bean
Up and down and in between
Square dancin', you and me

Square dancin', you and me
Bounce around like a jumpin' bean
Up and down and in between
Square dancin', you and me

Square dancin', you and me
Bounce around like a jumpin' bean
Up and down and in between
Square dancin', you and me
