Story In Every Song

Come sing with us!

There's a story in every song
Where you and I belong
The years fly by but the days are so long
There's a story in every song

You can do most anything
Choose a destination
You can fly to anywhere
In your imagination

There's a story in every song
Where you and I belong
The years fly by but the days are so long
There's a story in every song

You can be most anything
That your heart desires
Be the change you wanna see
There's a place for you in the choir

There's a story in every song
Where you and I belong
The years fly by but the days are so long
There's a story in every, story....
There's a story in every song (there's a story)
Where you and I belong (we belong)
The years fly by but the days are so long
There's a story in every song
The years fly by but the days are so long
There's a story in every song
